

# ImageVault™

## Connecting to ImageVault™ online

ImageVault™ is a secure online archiving system which allows customers of Spectragraphic, Inc. the ability to access their individual files and image elements as if they were using their own internal network. This system provides all the benefits of an internal network, without the caretaking and organizational skills necessary in maintaining a reliable system.

Image 1

1. To use or demo ImageVault please log on to our website at [www.spectragraphic.com](http://www.spectragraphic.com). (see image 1)

2. "Click on the "Access Your Vault Button, (see image 1) then enter your Username and Password in the dialog box. This will then give you full access to your ImageVault site. (see image 2)

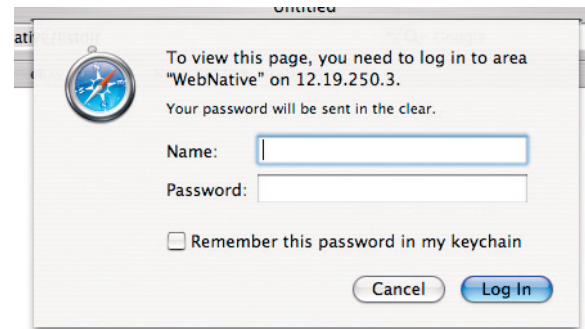

Image 2

If you do not have an account with us and would like to see a working demo of ImageVault, enter **spectra** for username and **demo** for password. This will enable you to familiarize yourself with ImageVault.

3. By clicking on 'search' or 'browse' you can search for images by text or thumbnail view. Click on the following icons for specific information: (see image 3)
